PURPOSE

Through our pictorial book, it is our purpose to represent to you the progress of our students through the various phases of this school year. Each division in our book represents a separate phase of activity; each phase has had some effect on our graduates. We hope that as you leaf through the Annual, you will find some reminder of the happy, carefree days of youth.

SENIOR CLASS HISTORY

Four years ago, the largest freshman class in Rustburg's history and the first class to begin its full high school career in the new school, looked ahead to that which seemed far away--today. Many of the sixty students who composed this class were transferred from Brookville, and Clyde Smith was chosen as our President.

During the first two years there were many activities which our class took part in, and probably one of the most interesting was the beginning of a basketball team on the indoor court. Many of the class also took part in baseball and softball, Forensics, Model General Assemblies and the two school publications. Judy Dodson was the President of our class during this memorable second year.

Dorothy Harrell was chosen to lead us in our Junior year, and now that we were upper classmen, more activities were planned for the year. The long-awaited class rings seemed to us to be the one big thrill in our lives, and the Seniors presented them to us at a lovely dance. Then the hustle and bustle of getting ready to present our play, "Just Ducky," with everyone pitching in to make it a success. The last big event of the year was our entertaining of the Seniors with a Prom and midnight snack. This had certainly been a busy year.

Our last year in high school was finally here, and William Cyrus was our President. "Meet Me in St. Louis" was presented, under the direction of Mrs. Stone, and this production was a real delight for our audience. Several of our class members were on the basketball teams, baseball team, Forensics, and other activities of the school.

We entertained the Juniors with the now traditional Ring-Dance, and later in the spring the class went to Washington for a long week-end of fun and sight-seeing. As the year drew to a close, the Juniors feted us with a dinner dance, which was a wonderful entertainment.

And then the day of our dreams: June and Graduation!

JUNIOR CLASS HISTORY

Previous books record our story of past years at Rustburg High School, and so we continue with this most-important year of all for us. The big event of the fall was a trip to Williamsburg, Jamestown and Yorktown. We visited numerous historic points in that locality, attended the production at the new Information Center, and also attended "The Founders."

Once again our class is well represented on the basketball teams and on the baseball team. Several of our members also took part in Forensic contests in the District. The Annual and Newspaper Staffs are composed of a number of Juniors, and the usual clubs and organizations have their share also.

The Seniors entertained with a beautiful Ring Dance, and then before we knew it, we were practicing for our play. "A Man Called Peter" was the dramatic production this year, and the next big event in our lives was the entertaining of the Seniors and their guests at Holiday Inn. We have had a full year of fun and projects, and now we look forward to our last year in high school.

SOPHOMORE CLASS HISTORY

During the years which we have spent in high school, our class has taken part in the usual activities which are available to lower classmen.

Members of our class have played on both basketball teams, Junior Varsity basketball, and on the baseball teams both years. Several of the girls have served as cheerleaders, and this year's girls' team made a fine showing by entering the basketball tournament.

A number of our class members have made a real contribution in the literary field. Several have taken part in one-act plays during the last two years; essay contests have been entered; various other phases of Forensic activities have been represented by this class, and they have consistently made unusually good records for themselves and for the school.

It has been a real pleasure to know the Lynchburg students who have been in our school, and it is with a note of sadness that we must bid them goodbye this year. We wish for them an opportunity to continue to be of service in their new location.

FRESHMAN CLASS HISTORY

When we entered high school this year, the freshman class became a real part of the school. We participated in basketball and cheerleading. We also took part in important clubs of the school such as Tri-Hi-Y, Hi-Y, F.T.A., Newspaper and Annual Staffs.

During the year we conducted many projects; the most successful was a basketball game between the women of the faculty and the freshman girls. We also had a delightful party at the American Legion Hall during the Easter Holiday.

During our remaining years here this class plans to be a real asset to Rustburg High School.

OPPORTUNITIES UNLIMITED...
Today, more than ever before, there are great opportunities for engineers, scientists and researchers in industry. Indicative of these great opportunities for young people is the rapidly growing electric utility industry.
If you are a graduating senior, you will want to consider the opportunities in the electric utility industry. If you are an undergraduate, we suggest that you examine your course of studies to make sure it includes math, physics, chemistry and other scientific studies so that you'll be qualified to take advantage of the opportunities industry has to offer. To learn more about these opportunities, contact the personnel supervisor at Appalachian's nearest office. He will be glad to help you.
